

Introduction to the Design of Road Markings and Signs

Course Overview

This course will provide an insight into the design of traffic signs and road markings, and will give delegates the confidence to commission compliant and enforceable traffic signing and road marking schemes taking into account the 2016 Traffic Signs Regulations. This course is particularly beneficial to those professionals new to traffic management/road safety and those who have an interest in the design and maintenance of traffic schemes.

Aims and Objectives

The aim of the course is to give an introduction to implementing traffic signs and road markings and to review current legislation and guidance. The course also discusses practical aspects and current issues.

Topics Covered

The one-day course focuses on the following key areas:

- Consider why traffic signs are prescribed in law
- Review the different types of sign and their function
- The Traffic Signs Regulations and General Directions 2016
- DfT guidance and Traffic Signs Manual
- General principles of direction sign design
- General principles of road markings

Course Fees

£325 plus VAT (VAT will be added at the current UK rate)

Course fee includes all course handouts, CPD attendance certificate, lunch and refreshments.

The course fee does not include travel or accommodation
